

SANITIZATION / ERASURE CERTIFICATE

SIH 2026 — Secure Data Erasure & Digital Forensics Tool

Operation Summary

Operation ID	OP-20260905-001
Type	SANITIZATION
Target	/dev/sdb
Performed By	operator_01
Start Time	2026-09-05T06:04:59.751791+00:00
End Time	2026-09-05T06:04:59.751810+00:00
Status	CLOSED

Assurance Score

Score	95 / 100
Grade	A+
Verdict	CERTIFIED SECURE
Sanitization Method	25
Verification	25
Recovery Validation	25
Audit Chain Intact	20

Note: Assurance scores reflect verifiable evidence collected during this operation. Recovery validation runs a partial-scope recovery attempt, not an exhaustive forensic sweep. On flash-based media (SSD/USB with wear-leveling), complete physical erasure of all cells cannot be guaranteed by software alone; this score represents confidence based on available evidence, not an absolute guarantee.
